The company is the area's specialists in bespoke carpentry for businesses and households throughout the area with a team of qualified tradesmen on hand. From conception to completion, they offer a comprehensive service with the utmost attention to detail.

The company is owned and managed by Directors Kevin Golby and Steve Haynes, who have 45 years combined experience in the trade. They pride themselves on offering the highest possible standards of customer service and are known for their professional yet friendly approach.

Work Brief:

Midas were employed to act as Company Director for Advanced Contracts (Midlands) Ltd, and to complete both the quarterly and annual accounts on their behalf.

We work from the client's premises one day per quarter, ensuring records are up-to-date and accurate and that reports are completed and filed with HMRC as required.

Testimonial:

"As a business we had stayed with our accountant from the beginning. As we grew and expanded, we started to notice that the level of service we were receiving was declining. We started to feel that weren't getting the right advice, there were long delays in getting answers to the financial questions that we were asking and then we started to get reminders from the Inland Revenue about deadlines. Finally, our accountant started to miss appointments with us. At this point, as a business we took the decision to find a new accountant. We wanted a local accountant who could give us the right advice, keep on top of everything and at the same time, respond to our needs as we continue to grow and expand.

"We found Midas Accountants website and instantly we were impressed by the professional feel of the website and the fact that Midas issued a monthly newsletter with salient points of information. We wanted to make sure that the new accountant was recognised as a professional practice, so we approached our bank manager. Our bank manager is pleased with our choice of Midas Accountants as it's one of the practices that he recommends to his clients.

"We met with Les Tonks initially and he listened to what we had to say and provided a lot of information for us. From working with Annette Dwyer, we have found her to be efficient and she has taught us so much in a short space of time. Midas Accountants are very professional, very thorough, knowledgeable and we feel very confident and secure in their expertise."
